

Diverse Product Portfolio

Vital Care Industries has four distinct product lines that focus on maintaining a sterile environment during surgical procedures and efficient disposal of liquid medical waste produced during those procedures.

Equipment Drapes & Covers

VCI provides equipment drapes and covers for various types of equipment: C-Arm Drapes, Microscope Drapes, Probe Covers, and more. Drapes and covers are disposable and only used for one surgical procedure.

FEATURED SKUs

- **VAE5603** Mobile C-Arm Drape with Rubber Bands
- **PC1924-2** Probe Cover, General Purpose, 3D End, 6"x48"
- **VPC1648** Probe Cover, General Purpose, Polyethylene 6"x48"
- **VMC60-5419** Uroview Drain Bag
- **VMD50-8415AGL** Microscope Drape, Leica, 54"x150" with Angled Glass Lens

Solidifier

Solidifier is used to solidify liquid medical waste so that it can be disposed of safely. VCI solidifier products come in multiple volumes and delivery systems. There are two branded products: Absolute Solidifier™ solidifies waste to be disposed as red bag waste. Absolute Solidifier RX™ contains a treatment that allows for non-hazardous disposal (directly to the landfill/white bag waste).

FEATURED SKUs

- **VC1500** Absolute Solidifier™, 1500cc capacity
- **SSP1500** Absolute Solidifier RX™ with treatment, 1500cc capacity
- **SSP3000** Absolute Solidifier™, 3000cc capacity
- **SSP1500DP** Absolute Solidifier RX™ with treatment, Dissolving Pouch, 1500cc capacity
- **VC14000** Absolute Solidifier™, 14000cc capacity

Sterilization Packaging

Sterilization packaging is used in hospitals to sterilize reusable surgical instrumentation. VCI products also offer external indicators to show that the instruments have gone through a sterilization process.

FEATURED SKUs

- PP10520 Pouch, Self-seal, 3.5"x9"
- PP10545 Pouch, Self-seal, 7.5"x13"
- PP10660 Pouch, Low-temp Tyvek, Self-seal, 7.5"x13.5"
- PP10650 Pouch, Low-temp Tyvek, Self-seal, 3.5"x9"
- PP10420R Sterilization Tubing, Paper, 6" x 656'

Dust & Cart Covers

Dust and cart covers are used to protect sterile instrument trays from dust during storage. VCI offers customizable cart covers to help address all the needs of the hospital staff.

FEATURED SKUs

- VCC4805 Ventilator Cover, 28"x22"x60"
- VCC4807 Cart Cover, 1 mil, 38"x26"x48"
- VCC4819 Cart Cover, 1 mil, 45"x26"x48"
- PP10825 Dust Cover, Self-seal, 12"x20"
- PP10835 Dust Cover, Self-seal, 16"x30"

ABOUT VITAL CARE INDUSTRIES

Vital Care Industries (VCI) has served hospitals, surgery centers, physician offices, and other facilities nationwide for four decades as a leading manufacturer of medical and surgical supplies. With an unparalleled commitment to quality, VCI products help to ensure the safety of patients and medical professionals by maintaining a sterile environment during treatments and procedures.
